

Aperio Clinical Outcomes provides full, customizable clinical research services across multiple therapeutic areas. More important, we offer what sponsors need most in today's new world of healthcare: intelligence, honesty, and agility. We deliver comprehensive clinical research services with unmatched transparency.

That's why we chose the name Aperio — Latin for uncover or reveal.

Aperio Clinical Outcomes. We make it clear.

Don't Take Our Word For It. See What Our Employees, Sites and Clients Are Saying.

“We would not be able to do this study without Aperio. People at Aperio are so dedicated and truly care about the sites. Every time you call you get someone on the phone to help.”

**Clinical Operations Director
Investigator Site**

“At Aperio, I'm surrounded by experts, and I get to do what I love every day.”

Aperio Employee

“I wanted to compliment the entire team on their professionalism and for working together as a team. It is a pleasure working with a group of seasoned professionals that understand what is needed to get the job done.”

**Senior Manager, Global Clinical Project Management
Large Pharma**
